(2) Every individual who did not itemize deductions on his or her federal return shall be allowed to subtract from federal adjusted gross income a standard deduction equal to the federal standard deduction for the filing status used on the federal return except as the amount is adjusted under section 77-2716.03.

(3) Every individual who itemized deductions on his or her federal return shall be allowed to subtract from federal adjusted gross income the greater of either the standard deduction allowed in subsection (2) of this section or the amount before the federal disallowance of his or her federal itemized deductions, except for the amount deducted on the federal return for state or local income taxes paid and the amount of any adjustment required under section 77-2716.03.
